

ATTENTION CEP LOCAL 191 MEMBERS

LOBBYISTS NEEDED

With the ever changing political scene in Canada, the Canadian Labour Congress and CEP are launching campaigns to lobby our political representatives on issues of importance to workers and their families.

There is a real opportunity to apply pressure on Manitoba, Ontario and Canada's legislative leaders to hear labour's concerns and effect change. This lobby group will see unions phoning, letter writing, e-mailing and visiting their MP's offices.

If you are interested in being trained, and are prepared to help keep our issues in the forefront in future campaigns, please call the CEP Local 191 office at 949-2770 to register.

PLEASE POST
